#### Commentaar

South has two possible opening leads : Clubs and Hearts.  
On a Club lead, the declarer cannot establish both a Diamond trick and a Heart trick. The opponents cash six tricks (three Clubs, two Heart and one Diamond) before and South is held to seven tricks.  
On a Heart lead, North wins the Ace and has no reason to switch to a Club. The declarer ends up with eight tricks (three Spades, one Heart, three Diamonds and one Club).  
Nevertheless, the Heart lead is preferable. From a statistical point of view, it's better to underlead a king-fourth than an ace-fourth, the ace serving as an entry to cash the long Heart.

#### Commentaar

With a 5-4 major two-suiter, use Stayman.  
If you consider that South is more likely to have underled the Jack than the King of Clubs, you play the 10 at trick one and you are able to make as many as twelve tricks in the following fashion :  
After two rounds of Hearts, ruff a Club and cash all your Spades.  
- If South ruffs, he is forced to give up a trick by underleading his King of Diamonds or by conceding a ruff and discard in Clubs.  
- If South does not ruff, you throw him in in Hearts for the same result.

#### Commentaar

3♥ = Spade fit, slam hopes.

4♣, 4♦ and 4♥ = Controls.

5♦ = One key.

5♥ = Asking for the trump Queen.

5♠ = No trump Queen...

Win the Heart lead, cash the King of Spades and run the 10. When North shows out, ruff a Diamond and repeat the Spade finesse for thirteen tricks. It is equivalent to take the Spade finesse either way if Spades break 3-2. However, in case of a 4-1 break, it's better to ruff a Diamond than to rely on a 3-3 Heart break. In that case, you can only capture a Queen-fourth in South.

#### Commentaar

The declarer wins the third Diamond, discarding a low Spade from dummy.

East, too, must discard and his problem is not simple.

- A low Heart is excluded because of dummy's four cards.

- A low Spade is risky because the declarer may hold four cards.

- The 10 of Clubs is best, as keeping the King-second cannot harm.

On any other discard, the declarer claims an eighth trick.

#### Commentaar

2♦ = Cue-bid.

4♦ = Preemptive.

North wins both minor Aces and shifts to a Spade. You win in dummy, routinely ruff a Club, and cross to a Spade to ruff another Club. When North discards on the first Heart, duck a Heart. South wins but must surrender a trick. One down, but a good result as 5♦ is cold, even if North loses the Club King. NB : North could have set your contract by two tricks by shifting to a Spade at trick two, without cashing the Club Ace.

#### Commentaar

Protecting seems difficult for East, given the vulnerabilities.

East must overtake his partner's Heart lead with the Ace to shift to a low trump. If not, you will be able to ruff your losing Diamond with dummy's sole trump.

A disputable 2♣ opening would lead you one level higher in 2♠, one off against the right defense.

#### Commentaar

1NT = 10-13 HCP in reopening situation with a stopper in LHO's suit. West repeats his Spades to show six cards in the second zone (15- 17 HCP) and puts an end to the auction.

You win the Club Ace and, lacking entries in dummy, cash the Ace of Spades and continue with the Queen. To win your contract, you must lose only two Hearts. By playing twice low to the dummy you capture North's Jack and end up with exactly eight tricks.

The North-South pairs that bid up to 2NT go down one trick, a good result if they are not doubled (.?)

#### Commentaar

2NT = 20-21 HCP.

3♣ = Puppet Stayman (in case West has a five-card major).

3♦ = One or two four-card majors (3♥ would show five cards).

3NT = No four-card major.

With six top tricks, you must establish the Diamonds. To save dummy's unique entry, you win the first trick in the closed hand and lead a low Diamond.

- If South mistakenly wins this trick, you are home.

- If South trusts his partner's count-showing 3 of Diamonds, he knows that you have only two Diamonds. Ducking the first Diamond ruins your hopes of establishing the suit. You then take the Spade finesse but, when it fails, you are limited to eight tricks.

#### Commentaar

Seated South, you do have the strength for an opening but you do not have the distribution for a takeout double and you pass.  
After the Ace of Diamonds, North realises that the declarer is likely to be short in Hearts and shifts to a low trump to prevent a cross-ruff. When South wins the King and insists in Spades, the declarer is limited to eight tricks. NB : Actually, this defense sets the contract by one trick.

#### Commentaar

With ten trumps in his line, North must raise to game despite his flat distribution.  
East wins the Ace of Clubs and realises that South has a singleton. He must shift to Hearts before the Ace of Diamonds is knocked. Otherwise, the declarer will be able to discard a Heart loser on the Jack of Diamonds. If the King of Hearts is ducked, East has no difficulty to continue with the Queen, knowing that his partner holds the Jack.  
Against a different defense, the declarer easily wins his contract.

#### Commentaar

2♥ = Weak-two, six cards.

2♣ = Five cards, 10-11 HCP after pass.

4♥ = Preempt.

5♥ = Cue-bid, first-round control.

You ruff the first Heart and clear the trumps in two rounds. A safety play allows you to secure your contract. You cash the King of Clubs and finesse the Jack :

- If West has the Queen, so much the better.

- If East has it, he will be forced to give a trick, either in Diamonds or by a ruff and discard in Hearts. In any case, you avoid the losing Diamond finesse.

#### Commentaar

The 3♣ response to South's relay shows a minimum opening, allowing South to pass. Even at the three-level, the contract might be in danger. After ruffing the third Club, you lead a low Spade to West's Ace. You win the Spade return and try the losing Heart finesse. Fortunately, the Diamond finesse succeeds and you end up with nine tricks.

The difficulty was in the bidding, and to stop before game, which requires two out of three successful finesses.

#### Commentaar

With weak hands, don't bid Spades, raise Hearts directly. You were lucky not to receive a trump lead. Take advantage of your good fortune to ruff one of your losing Diamonds. To keep your communications, win the Spade Queen and lead a low Diamond. Win the trump return and insist in Diamonds. You win again the trump return, ruff a Diamond and discard the losing Club on a Spade.

#### Commentaar

6♥ = A reasonable bet.  
Super flash : Shortness + three trumps + a long suit in dummy = Ruff in the short hand while establishing a long Club.  
After the Spade Ace, North shifts to a Heart. Your timing must be careful, to avoid the Diamond finesse. Ruff a Club, ruff a Spade, ruff a Club, ruff a Spade and ruff another Club. Clear the last trump and cross to the Ace of Diamonds to cash the last Club, discarding your Diamond. NB : A Diamond lead would have been fatal.

#### Commentaar

Reminder : With four small cards, lead the second highest.  
East wins the Ace and shifts to the 3 of Spades to West's Ace. Duck the second Spade, win the King, cash the Diamond Ace (bare Queens do exist). Cash the King of Clubs then the Queen-Jack and run the Jack of Diamonds. You brought your contract home despite East's good switch at trick two.

#### Commentaar

1NT = 15-17 HCP.

2♣ = Stayman.

2♦ = No major.

4NT = Slam invitation, 16-17 HCP.

You have ten sure tricks and must find two more in the majors. Which suit should you try first ? Obviously Hearts, since a failed Spade finesse would doom the contract. - If West goes up with the King of Hearts and returns a Spade, put up the Ace, no finesse. You are home with a 3-3 Heart break or with a Spade-Heart squeeze against either opponent. - If West ducks, you will take the Spade finesse for twelve or thirteen tricks.

#### Commentaar

2♣ = Strong, ( a strong-two in any suit or 22-23 HCP, balanced).  
 2♦ = Waiting bid.  
 2NT = 22-23 HCP, balanced, five-card major possible.  
 3♣ = Puppet Stayman, North could have five Spades.  
 3♦ = At least one four-card major, no five-card major.  
 If you put up dummy's Spade Queen at trick one, West will duck and you'll be short one entry to establish and cash the Diamonds. Play the 5 instead, win the Ace and unblock Ace-King of Diamonds. Cross to the King of Hearts and concede the Queen of Diamonds. You will be able to cross to the dummy once more in Spades.

#### Commentaar

1♦ = It's better to bid your suits in economic order with a strong hand.  
 With a weaker hand, you would bid 1♥  
 Eight top tricks. Where should the ninth trick come for ? From Clubs, of course . By playing this suit at trick two, your secure your contract.  
 - If Clubs break 3-2, you'll always lose two tricks if you play the King.  
 - If they are 4-1, you'll lose three tricks, except if the Ace is bare.  
 Conclusion, at trick two, play a low Club. This safety play brings you two overtricks.

#### Commentaar

North's hand is not ideal for a takeout double, but OK for a reopening double. Unfortunately West's preemptive 3♣ makes it impossible and becomes the final contrat. From his point of view, North-South could have a cold 5♦.

As a matter of fact, with Spades 2-2, Clubs 3-3 and the Club Ace on side, West could make as many as ten tricks. By normally finessing the Spade Queen, he is limited to nine tricks.

#### Commentaar

6♦ is far-fetched and South's lack of singleton convince him to sign off in 3NT. The right decision at matchpoints.

After the defense has cashed the first four tricks in Hearts, East switches to a Spade. Your problem now is to make ALL Diamonds. "Eight ever, nine never", the saying goes. To collect more information, however, cash your black winners. You learn that East started with two Clubs and at least three Spades. His lead of the fourth best in Hearts reveals that he has no five-card suit. Therefore his shape is 4432. Cash the Ace of Diamonds and finesse the Jack.

#### Commentaar

X = In reopening position, this double shows short Spades with at least 8HCP or opening strength with any shape. (1♣ would deny 13 HCP).  
2NT = Trial bid.  
Two Clubs losers cannot be avoided, therefore, you must lose only one Diamond. Play low to the King (North has opened), ruff a Diamond before clearing the trumps and claim ten tricks. Not really difficult but sufficient to get a good score.

#### Commentaar

3♣ = 11-12 SP, three Spades.  
After the Ace-Queen of Clubs, North must switch to a Spade. The Heart switch seems mandatory but East could put the Ace and establish a Diamond, taking advantage of dummy's three trumps to communicate.  
The Spade switch removes one these entries prematurely and forces the declarer to lose two Hearts. Beware of obvious returns .

**Commentaar**

With only the Ace of Hearts, North should not one-sidedly impose a 3NT contract. His cue-bid allows his partner to bid that contract with a half-stopper such as Qx or Jxx.  
 After the Heart lead, South has eight sure tricks and more potential tricks in Clubs. He crosses to Spades to run the Jack of Clubs. West wins the Queen and insists in Hearts but the declarer has now ten tricks. Note that the same contract is set by three tricks when played by North if East leads his Heart singleton.

**Commentaar**

3 ♣ = Minor two-suiter, game forcing.  
 3 ♥ = Strength.  
 You ruff the second Spade, noting three cards in South, and clear the trumps in three rounds, noting three cards in North. You know then that your LHO had eight cards between Spades and Diamonds and when he shows out on the Ace of Hearts, discarding a Spade, his 5134 distribution is clear. You ruff another Spade and cross to the Ace of Clubs to lead the Jack of Spades, discarding your losing Heart. North is forced to play into your ♣ KQ10 tenace.  
 Very well played, but ten tricks in 3NT would have been much easier and more lucrative . .

#### Commentaar

3♣ = 9-10 HCP, five cards (with 11 HCP, you would have cue- bidded).  
With six top tricks, you can establish two Club tricks but you still need at least one Spade trick. If you start with Clubs, your last Heart stopper will be blown and you will not have the time to make your ninth trick in Spades.  
Therefore, you must start with Spades, by playing low from dummy, after crossing to the Ace of Clubs.  
- If North wins the Ace, you have three Spade tricks and you do not need the Clubs any more.  
- If North ducks, you win the trick and promptly duck a Club to save your communication.

#### Commentaar

2NT = Trial bid.  
4♠ = Proposition accepted . You ruff the third Heart, South discarding a Diamond and clear the trumps, noting three cards in North. Your objective is to make four Club tricks. To have a complete picture of the four hands, duck a Diamond. When North shows out on the Ace of Diamonds, you know his distribution was 3613. Cash the three Club honours, no finesse.

#### Commentaar

After North's 1♥ response, East could pass but his singleton prompts him to bid his Spade suit, despite his weak hand.

After the Ace of Diamonds, South shifts to a Club. The finesse fails but the declarer can establish his Diamonds to get rid of dummy's Club loser. The Ace of Spades is his last loser. NB : Actually, against this defense, the declarer is held to eight tricks. Furthermore, South was not very dynamic. Except on a Heart lead, North could make nine tricks in Hearts.

#### Commentaar

With both four-card minors, open 1♦ .  
1NT = 8-10 HCP with a Spade stopper.

With six sure tricks, you can find a seventh either in Clubs or in Diamonds. In Diamonds, you are sure to make one trick, maybe two if the Jack is in West.

Win the Spade lead and play a low Diamond to dummy's 5. East wins and insists in Spades but eventually you'll lose only three Spades and two Diamonds to win your contract with one overtrick.

#### Commentaar

1NT = 14 HCP, 6.3.2.2, a mild distorsion...

SuperFlash : Spade doubleton in dummy, Club singleton in the closed hand = Cross-ruff.

Luckily for you, West failed to lead a Diamond, which could have been fatal. However, you must take an important precaution. If East overruffs the third Spade, he will play a trump and you will be left with a Spade loser. At trick two, unblock the King of Clubs, and ruff a Spade with the ACE. Discard a Diamond on the Club Ace, you are home.

#### Commentaar

West's hand is a bit too strong for a direct raise to 4♠. A 2 over 1 in Clubs is preferable.

Second sequence : 2NT = Jacoby, Spade fit, game forcing.

SuperFlash : long trumps in both hands = elimination and throw-in end play.

Cash two rounds of Diamonds before playing trumps. If the Spade Ace is bare, the defense will be forced to handle the Clubs or Hearts. As the cards lie, North must surrender a trick in either suit. Note that a Club lead would have defeated the contract, a difficult decision for North except if North courageously (?) doubled 4♠ to ask for a Club lead (first sequence).

#### Commentaar

3♣ = Natural, forcing.

Win the Diamond King rather than the Queen to leave LHO in the dark as much as possible, and cash Ace-Queen of Clubs. Club to the 10 and low Spade. West hops up on the Ace and returns the 7 of Diamonds. Cover with the 8. East wins and switches to a Heart. Win the Queen and cash the two good Clubs. When West is squeezed between the two majors, you end up with eleven tricks. East would have done better to cash the Ace of Diamonds.

#### Commentaar

2♦ = Second zone, six+ cards.

A nightmare for poor East .

7 of Spades, 8, Jack, Ace. Queen of Clubs to North's King and the defense starts the cross-ruff : Ace of Hearts, Heart ruffed, King of Spades, Spade ruffed, Heart ruffed with the King. East overruffs with the Ace and exits with the Jack of Diamonds. South wins the Queen and plays a Heart ruffed with the 9 to promote the 8 : two down ..
